SHADE SOLUTIONS

STATIONARY PERGOLA

A Classic Look For Partial Shade

Our Stationary Pergolas are a beautiful solution for partial shade. Curved crescents and an open design let in natural light while offering protection from the sun. Our pergolas are always custom built using high-quality, powder coated, extruded aluminum, which means you won't have to worry about warping, rotting, or rusting. When you choose a W. A. Zimmer pergola, you will feel confident that you're getting a gorgeous, maintenance-free structure that is built to last!

(Bottom right) Stationary pergola in White with double-beams and round Venetian posts. (Bottom Left) Stationary pergola in Sandstone with double-beams and square Florentine posts.

STATIONARY PERGOLA

OPERABLE PERGOLA

The Best Choice For On-Demand Shade

Want sun or shade at the push of a button? Our Operable Pergola is the perfect choice for those who want full shade, full sun, or anything in between. Motorized louvres open, close, and can be stopped anywhere along the way to give you full control over your shade experience. Like all of our custom shade structures, Operable Pergolas are made with high-quality, powder coated extruded aluminum for a low-maintenance ownership experience. Want more shade control? A retractable shade screen can be added on to any of our pergola structures!

Pictured Projects: (Main) Operable Pergola in Sandstone with double-beams and square Florentine posts, shown open (Bottom Left) and fully closed (Bottom Right). (Top) Operable Pergola in Bronze with double-beams and square Florentine posts, shown closed with add-on shade screen

K. Diefenbach (Huntington, IN) loves to use her Operable Pergola year-round:

"We'll actually be out here a little bit in the evenings in the winter time, because it still gives us the enclosure that we want. It's better than I even thought. It LOOKS fantastic, it even FEELS fantastic!"

OPERABLE PERGOLA

DRY COOL PERGOLA

The All-Weather Pergola Built To Protect

The Dry Cool Pergola is the newest way to shade your outdoor area. With this custom structure you can have the look of a classic pergola while enjoying the benefits of a solid, insulated roof. This beautiful shade solution will protect your patio from sun, rain, ice, and snow while helping to keep the area underneath cool and dry. The W. A. Zimmer Dry Cool Pergola is made of high-quality, powder coated, extruded aluminum so you can enjoy your new area without worrying about repainting or other maintenance.

E. Line (Fort Wayne, IN) loves to use his Dry Cool Pergola no matter the weather:
"I love it because I can come out and even when it's raining, just sit and let it rain and just enjoy it!"

DRY COOL PERGOLA

CLASSIC PATIO COVER

Shield Your Area From Sun And Rain

Our Classic Patio Cover is the gold standard for protecting your outdoor area. This solid roof structure features insulated panels for defense against the hot summer sun. Custom made with high-quality extruded aluminum, this roof can withstand snow, wind, and time, making it the perfect way to create a refuge right in your own backyard.

Pictured Projects: (Main) St. Thomas style patio cover in White with square Florentine posts. (Top) Classic Patio Cover in Sandstone with double-beams and square Florentine posts. (Bottom Right) Classic Patio Cover in White with double-beams and square Florentine posts. (Bottom Left) Classic Patio Cover in Sandstone with double-beams and square Florentine posts.

CLASSIC PATIO COVER

SKYVIEW PATIO COVER

An Exciting New Look That Lets In Light

Want protection from rain, sun, and snow without blocking all the sunlight? Our brand new Skyview Patio Cover is a gorgeous option for creating an outdoor oasis. Made with the same high-quality material and insulated roof panels as our popular Classic Patio Cover, this structure gives you full protection in any weather while still letting in light and offering a beautiful view. Whether you want to stargaze, cloud watch, or entertain, our newest shade solution is sure to turn heads.

Custom Shade Solutions: It's What We Do!

The Gendrons loved the pergola look and wanted to let light in their area, but they still needed a refuge from the sun. Our creative team designed a hybrid structure to combine our Stationary Pergola and Skyview Patio Cover to offer the perfect solution.

SKYVIEW PATIO COVER

RETRACTABLE AWNING

For Shade When You Need It

Our retractable awnings are a great solution for on-demand shade. Unlike our more permanent options, you can use your awning for shade when you need it, and when you don't, it can be easily rolled in to enjoy the sunlight. You can choose from over 130 fabric colors, several valance styles, and an array of "Smart" options like motion sensors and cases to customize your awning.

Pictured Projects: (Main) Awning in fabric color #340746 with High Wave style valance. (Top) Awning in fabric color #323039 with Russian Key style valance. (Bottom Right) Awning in fabric color #320584 with Straight style valance. (Bottom Left) Awning in #320715 with High Wave style valance.

The Andelins (Fort Wayne, IN) loved the customization and professional installation of their awning:

“From the original inquiry to set up the sales appointment for a new awning, the large fabric choices and colors with options like a wind sensor it was a great experience. The installation team was so helpful and informative.”

RETRACTABLE AWNING

SHADE SCREENS

The Perfect Add-On For Shade Or Privacy

Our motorized, retractable shade screens can be added to any of our structures for extra sun protection, or can be mounted on your existing covered patio. Each screen is made custom to fit your area, allowing for a clean finish that looks like it's part of the original structure. Use one to block out the glaring evening sun, or surround your area with these durable shades for a screen room on-demand.

Pictured Projects: (Main) Two screens on St. Thomas style patio cover, fabric color Wheat with 10% visibility. (Top) Two screens on existing pergola, fabric color Wheat with 10% visibility. (Bottom Right) Single screen on Dry Cool Pergola, fabric color Toast with 10% visibility. (Bottom Left) Single screen on Operable Pergola, fabric color Wheat with 10% visibility.
